The Honorable Judge Edwin M. Kosik:

My name is Debra Cochran, and I am writing this letter on behalf of my ex-husband, Daniel J. Cochran, Jr.

I have known Dan for 31 years now and Dan has always been a very driven person when it came to his work. He is smart, an extremely hard worker and has always been very dedicated to his career or whatever job he was currently working on at that time. When Dan sets his mind on a goal, he works hard and puts everything he has into reaching that goal. I've known Dan since he was 14 years old and he has always enjoyed working and making people laugh. I think with Dan's sense of humor and the knowledge that he has of his profession, it has helped him in his career and dealing with people one-on-one every day. He takes pride in everything he accomplishes and takes even more pride in giving to others when he is able.

Dan and I were married for 18 years and have two biological sons and one adopted daughter. During our marriage, Dan worked endlessly so that he could give me and our children a good life and because of his determination and hard work, it also allowed me to stay home and raise our children from May of 1999 until we separated in September of 2006. During our divorce, Dan agreed to give me a percentage of money from our house and he also gave me all of his retirement so that our children could resume a similar lifestyle as to which they were accustomed to when we were together as a family.

In my eyes, Dan is a smart, caring, giving, hardworking person who takes pride in his work and his family and he would *never* want to jeopardize any of that, especially his family, by doing something dishonest.

Sincerely,

Debra L. Cochran

Growing the Next Generation of Disciples

January 14, 2011

The Honorable Judge Edwin M. Kosik:

I am writing to you on behalf of Daniel Cochran, whom I have known since 1978 when I served as a pastor to his family in Dundalk, Maryland. I was reconnected with him about ten years ago when he and his family attended our church in Bel Air for a short period. It was also during this time that we built a building, and he was instrumental in donating and installing our phone system.

A few weeks ago he stopped by to share with me what has recently happened in his life. His attitude was positive. He expressed a desire to take responsibility for his dilemma and begin to get his life back on track.

Dan has always been a very hard working young man. As an entrepreneur, he reveals that he is bright, hardworking and creative. It is my sincere hope that he will learn from his mistakes and continue to use his abilities to make a positive contribution to the community in which he lives and serves.

Sincerely,
